Craig Whitley Awarded Certified Green Professional (CGP) Designation

RIDGELAND, S.C. (January 20, 2009) – Craig Whitley, of Full Circle Development recently became one of the select group of professional builders, remodelers, and other industry professionals nationwide who have earned the Certified Green Professional (CGP) designation, identifying him as someone with knowledge of the best strategies for incorporating green building principles into homes.

The CGP program is administered by the National Association of Home Builders (NAHB) University of Housing and sponsored locally by the Hilton Head Home Builders Association.

In three days of course work, the CGP curriculum incorporates a variety of information tailored to green building and business practices. The CGP curriculum incorporates training by leading building industry practitioners and academics on a range of topics, including strategies for incorporating green-building principles into homes using cost-effective methods of construction, and how green homes provide buyers with lower maintenance and good indoor air quality. Techniques are also discussed for competitively differentiating your home products with increased indoor environmental quality as well as energy and resource efficiency.

CGP program graduates are required to maintain their designation by completing 12 hours of continuing education every 3 years a portion of which pertain to green building activities.

About Full Circle Development

A recognized leader in custom home building, Full Circle Development is consistently recognized for their high level of quality workmanship. Based in Ridgeland, S.C., Full Circle Development proudly celebrates 8 years of building homes that offer truly unique lifestyle opportunities. Each Full Circle home has been strategically designed to maximize the area's natural beauty while incorporating quality, safety and structural security. From the developer's houses at the lakeside community of Hampton Lake to the luxury golf course setting at Belfair Plantation, Full Circle Development's homes are as remarkable as the residents who enjoy them.
